AI VOICE AGENTS & AUTOMATION

AVAILABLE 24/7 COVERAGE

AI Receptionist *Use Cases* by Industry

An AI receptionist that answers calls, books appointments, and handles customer inquiries automatically, without adding staff.

softdev.me/pages/ai-receptionist

Built for every business

One AI receptionist, set up around the way your industry actually takes calls.

01

Healthcare & Clinics

Streamline patient calls, manage appointments, and reduce administrative workload.

- Answers patient calls instantly, day or night
- Books, reschedules and confirms appointments
- Sends SMS reminders so fewer visits are missed

02

Real Estate & Property

Qualify buyers, track property inquiries, and follow up with prospects seamlessly.

- Asks qualifying questions about budget, area and timeline
- Logs every inquiry and call summary to your CRM
- Books viewings and follows up with prospects automatically

03

E-Commerce & Retail

Manage orders, answer customer questions, and send updates without manual effort.

- Answers order, shipping and returns questions on the call
- Handles product and store-hours inquiries
- Sends order updates by SMS or email

04

Legal & Professional Services

Handle client inquiries, schedule consultations, and keep your cases organized automatically.

- Captures new-client details and the reason for the call
- Schedules consultations directly on your calendar
- Escalates urgent matters to a person with full context

05

Beauty & Wellness

Schedule bookings, send reminders, and nurture clients for a smoother experience.

- Books, reschedules and cancels appointments
- Sends reminders and follow-up messages
- Invites clients back with friendly rebooking nudges

06

Home Services

Capture emergency leads at 2 AM, alert your team, and schedule jobs automatically.

- Picks up every call, including after hours and weekends
- Alerts your team immediately about urgent jobs
- Schedules visits and sends confirmations
